

FINANCIAL COSTS

PRO DADT

PRO REPEAL

Personnel policy should not depend on costs

Cost of DADT policy is negligible

DADT policy spending is wasteful

\$190 m ↔ VS ↔ \$363 m

Repeal of DADT would increase costs

Repeal of DADT would decrease costs

for example

Possible healthcare costs

Possible added benefits

Heterosexuals engage in risky behavior

The policy is working and should be funded

No money should be spent on a failed, unnecessary policy
